MOTION CARRIED

Opening Board Comments were made by Councilman Hoovler who stated that the residents of the town would be seeing a new style of management with more orderly meetings, more legislation and overall they should see a vast improvement in town government. He offered to be available and that his phone number is 858-9806 and his number is in the phone book if anyone needs to reach him between 9 a.m. and 9 p.m.

Councilman Spears expressed his gratitude for the opportunity to serve the Town of Deerpark another four years, where he and his family have lived for over 30 years. He thinks there will be a professionalism and evidence of the hard work put forth for the town's residents. Councilman Spears also offered to be available and his phone number is 856-8062 and stated his number is in the phone book, should anyone want to discuss any issues. Councilman Trovei also was thankful to represent the town and help in leading it as a group, willing to work very hard for the best for the town. Councilman Trovei said his family has been here for over 100 years and he has no plans to leave. He offered to be available at 856-1142 or his cell is 914-443-1866.

Supervisor Brabenec wished everyone a happy and healthy new year commenting along with the other councilmen how they want to bring more professionalism to Town Hall. He is grateful as well for the support and guidance and promises to continue to seek that, offering to be open for suggestions and comments. His office number is 856-2210, Ext. 1 and his personal number is 742-5131.

Presentations/Communications: A communication from Norma Schadt from the Historian's Office, was read by Supervisor Brabenec saying she was willing to serve next year as Historian for the Town of Deerpark and attached a list of names of the Town of Deerpark Museum Committee.

A communication was received from NYSUPA, which is the New York State Union of Police Associates, Inc., requesting to meet with the Town Board regarding the PBA negotiations and a meeting will be scheduled at next weeks meeting.

A letter was presented to Supervisor Brabenec just this morning from the New York State Retirement System to the former Supervisor Gary Flieger. Quoting from the letter he read, “Dear Mr. Flieger: To date we have not received a written response to our audit correspondence dated September 17, 2009. Please provide a written response by January 7, 2010 and then if we can be of any assistance resolving this problem ...” Supervisor Brabenec had not seen this as a councilman in 2009 regarding the retirement system involving the Town Hall employees but he has a call in to the New York State Comptroller’s office and will also write a letter to make sure this is taken care of.

Town Clerk Memo dated January 4, 2010 was read from Flo Santini stating “I would like this documented that the last abstract that was done on December 29, 2009, was not presented to the Town Clerk for audit. Vouchers were signed but the abstract when printed was not checked by the Town Clerk. Checks were printed and sent out, I did not sign abstracts.” She asked for this to be put in the record.

Reports of Officers, Committees and Department Heads:

Norma Schadt, Historian gave the number to Nancy Kinad at the Minisink Valley Historical Society is 856-2375; and copies for the Deerpark Book are available at the Otisville Hardware Store and the phone number is 386-3343.

Ed Hughson, Highway Supervisor welcomed and congratulated the Board Members. He stated there were three storms in the past two weeks: December 25, 2009 – 59 ½ hours overtime (\$2,727.51); December 31, 2009 – 63 hours overtime (\$2,104.56); and January 3, 2010 – 25 hours overtime (\$1,515.39) totally 167 ½ hours overtime for \$6,347.46. Work complete: restocked the salt shed in back, got sand from outside. Last week they were on Academy Ave. scraping ice and cleaned out the ditches along the road. They are still waiting on plans from the Town Engineer on work needing to be done there. They dug a deep ditch along Box Baum Road and put surge stone in it, relieving the ice problem on Peenpack Trail. Work schedule: they hope to work on Darragh Lane where they have a major ice problem due to residents pumping water out of their basements. They have no alternative but to pump it into the road and the last time they scraped the ice it was about 4½ inches thick with potholes. They plan to put a storm drain and under drain in that area and that should take care of the ice problem there. Mr. Hughson asked if they should have something in writing and he will contact Supervisor Brabenec the next day about that. He thanked Bob Decker for being the Deputy Highway Superintendent for his work the past two years. Regarding a question about plowing Sparrowbush Park, Mr. Hughson said it could be done, but generally the parks are a County responsibility. Mr. Hughson offered to plow into the Manor and could plow Sparrowbush. Supervisor Brabenec mentioned the Shinhollow Bridge and offered to discuss it further with Mr. Hughson later in the week.

Jerry Vandermark, Recreation Commission had no report but stated they are looking for new members. Councilman Spears offered to advertise and search for members. He also stated there were funds available to replace broken picnic tables in Harriet Space Park and Jerry Vandermark will look for prices, but need three quotes. He will contact Councilman Spears about it and aim to replace these by April, 2010 in time for Little League season.

Motion to place an ad on the Town of Deerpark Website

Motion made by Karl Brabenec, 2nd by Gary Spears, to place an advertisement on the Town Website.

Vote: 4 AYES: Arthur Trovei, Gary Spears, David Hoover, Karl Brabenec

MOTION CARRIED

Supervisor Brabenec asked anyone listening in the audience to who would like to serve on the Recreation Commission to send an email or letter to the Town Clerk to be considered for appointment. This is a great committee to be on to promote the youth and the parks. The community’s participation is needed.

Supervisor Brabenec asked if either Judge Wulff or Judge Osowick had anything to report on the Courts and they did not.

Public Comment Supervisor Brabenec stated that the requirements allow for 3 minutes per person for agenda items only. The first Resolution will deal with this topic, but the procedures will be the same as in the past. Those interested in speaking must sign in before the meeting and before speaking they must state their name and address for the record and the organization they represent, if applicable.

Motion to adopt Resolution 1 of 2010 – Board Meeting Procedures

Councilman Hoovler presented the procedural information for town board meetings section by section after reading the main caption. (A copy is included with the official minutes) Section One states the dates and times of regular meetings; Section Two is on the special meetings and when they are to occur and how they are called and is exclusively taken right out of Town Law; Section three deals with the Quorum; Section Four deals with Executive Session and Public Officers Law Section 105; Section Five deals with getting items on the Agenda and how the responsibility for the agenda belongs on the Town Supervisor; Section Six is Voting of the Town Board; Section Seven deals with the Minutes; Section Eight is the Order of Business and B of Section 8 deals with work sessions; Section Nine is general Rules of Procedure regarding how the meetings are run; Section Ten deals with Public Comment, which clarifies what the duty of the speaker is and what the duty of the Town Board is and how the meetings will be conducted here. This section will be expanded by an upcoming Resolution with the rules of decorum dealing specifically with speakers and how they are to conduct themselves while speaking. Section Eleven deals with the use of recording equipment; Section Twelve deals with adjournments and Section Thirteen deals with basic parliamentary procedure which will be followed and default to Roberts Rules of Order on any issues not covered by town law or New York State law. Finally, Section Fourteen deals with amendments to the rules of procedure. These rules were drafted by David Hoovler and presented for approval, which have come from the Lawyers Guide for Town Board Procedure and slightly tweaked for the Town of Deerpark's needs. Both Councilmen Spears and Trovei thanked Councilman Hoovler for his work in putting the document together and he responded that he hopes it serves the community for educational purposes as well.

Motion made by David Hoovler, 2nd by Gary Spears, to adopt Resolution 1 of 2010 – Board Meeting Procedures.

VOTE: 4 AYES: Arthur Trovei, Gary Spears, David Hoovler, Karl Brabenec

MOTION CARRIED

Motion to adopt Resolution 2 of 2010 – Meeting Rules of Decorum

Supervisor Brabenec read the Rules of Conduct & Decorum at Town Meetings (A copy is included with the official minutes and on the Town of Deerpark website.) The purpose of the document is to limit comments on agenda items to three minute time periods to enable a professional meeting to proceed. Supervisor Brabenec invited the public to contact him by phone, email or letter regarding any issue for discussion. Should that issue need to be put before the board, he will notify them.

Motion made by Karl Brabenec, 2nd by David Hoovler, to adopt Resolution 2 of 2010 – Rules of Decorum.

Discussion: Councilman Spears clarified that this motion is not to limit public input as much as prohibit public outburst and reiterated the Supervisor's comment welcoming input to them. Councilman Trovei also welcomed the public comments and hoped to hear of positive comments on the meetings in the future, rather than negative ones. Councilman Hoovler stated that this motion is recommended by the Association of Towns and the people who routinely deal with public meetings across the state, and that the intent is to promote good meetings and not slow them down with issues not on the agenda. Supervisor Brabenec added that this will help business be handled professionally with shorter meetings.

VOTE: 4 AYES: Arthur Trovei, Gary Spears, David Hoovler, Karl Brabenec

MOTION CARRIED

Motion to adopt Resolution 3 of 2010 – Repeal of 2009 Town Vehicle Policy

Supervisor Brabenec presented the motion to adopt Resolution 13, which states “Be it resolved that the Town Council, the Town of Deerpark in regular session duly convened repeals Resolution No. 14 of 2009 also known as the Town Vehicle Useage Policy effective immediately.” A copy of Resolution 14 would be attached to this Resolution. (A copy is attached to the official minutes.) Supervisor Brabenec explained that the Town Board passed the Resolution 14 in 2009 in an effort to save money by limiting its use. There were other arguments offered at that meeting by Councilman Spears and himself with the wear and tear on the vehicle, there wasn’t much of a savings. What needed to be adjusted was the mileage reimbursement rate rather than mandating the use of the Town car.

Motion made by Karl Brabenec, 2nd by Gary Spears, to repeal Resolution 14 of 2009 – Town Vehicle Policy Amendment of 2009.

VOTE: 4 AYES: Arthur Trovei, Gary Spears, David Hoovler, Karl Brabenec

MOTION CARRIED

Motion to adopt Resolution 4 of 2010 – Elected & Appointed Officials State Retirement

Supervisor Brabenec stated this “Be it resolved that the Town of Deerpark Town Board hereby establishes the following and standard work days for elected and appointed officials will report the following days worked to the New York State and Local Employees Retirement System based on the record of activities maintained and submitted by these elected officials to the Clerk of this body. (A copy is attached to the official minutes.) There is a new requirement by the State Retirement System for reporting hours for elected officials. Usually elected officials do not submit a time card and are not required to submit one, but now this is mandated and three months after this Resolution is passed, all the Board Members and elected officials will need to keep a journal for three months of their participation in Town business.

Motion made by Karl Brabenec, 2nd by Arthur Trovei, to adopt Resolution 4 of 2010 – Elected & Appointed officials State Retirement.

VOTE: 4 AYES: Arthur Trovei, Gary Spears, David Hoovler, Karl Brabenec

MOTION CARRIED

Motion to adopt Resolution 5 of 2010 – Unnecessary Spending Restriction for FY 2010

Councilman Spears read the proposed Resolution regarding curtailment of unnecessary expenditures during the remainder of the current fiscal year 2010. This Resolution requires Board authorization for expenditure over \$250.00. (A copy of the Resolution is attached to the original minutes.) He stated that this resolution is to curtail and watch what is spent and secondly, it is a communication method for a system of checks and balances so this Supervisor and this Board knows

every day what is going on in town. Councilman Spears was surprised when he first came on the board with the looseness of the checks and balances on the monies spent on the Town of Deerpark. He asked Councilman Hoovler to prepare this resolution and pledged his support to the Town that they would be watching their money.

Motion made by Gary Spears, 2nd by Arthur Trovei, to adopt Resolution 5 of 2010 – Unnecessary Spending Restriction for FY 2010.

Discussion: Ed Hughson, Highway Superintendent expressed concern regarding the \$250.00 limit because his costs are often over this amount, citing how a snow storm in the middle of the night would now require a call to the Board for permission to take care of. Councilman Spears responded to monies left over in a line item appropriated, but unused. He clarified that this resolution is addressing new purchases not addressed in the budget. Councilman Hoovler added that the end of the year vouchers are submitted by the departments in an effort to use money allotted in the budget, but unused. They are looking to save money where possible. Mr. Hughson said he understood. Supervisor Brabenec also mentioned that the Councilmen, who aren’t on site every day need to sign vouchers. Often there is not a reason for the purchase and from now on there will be a small explanation for the purpose of the purchase. Mr. Hughson agreed with the request and currently does that on the invoices. Supervisor Brabenec used an example of purchasing a chair and that the request could perhaps be met by looking elsewhere to meet the need, rather than making a purchase. The purpose is to not allow unnecessary spending. Councilman Hoovler added

that this is something that is recommended by the Association of Towns, yet our Town has chosen not to comply. Now, the Town wants to honor what is in the budget but not allow mismanagement of funds.

VOTE: 4 AYES: Arthur Trovei, Gary Spears, David Hoovler, Karl Brabenec

MOTION CARRIED

Motion to adopt Resolution 6 of 2010 – Inclement Weather Policy

Councilman Spears said that Resolution 6 is long over due and to have a better communication with the Town, they thought it would be better to have a standard policy in regards to inclement weather. (A copy of The Inclement Weather Policy for Scheduled Meetings is attached to the original minutes. All Town Buildings will go by these guidelines.

Motion made by Gary Spears, 2nd by Arthur Trovei, to adopt Resolution 6 of 2010 – Inclement Weather Policy.

So there is not a lapse for a couple months, they will appoint the present people to stay on so there is an opportunity to interview the new people. There will be interviews set up at this meeting.

Deputy Town Clerk 1

Motion made by Karl Brabenec, 2nd by Gary Spears, to accept Department Head Appointment **Kathleen A. Basile** as Deputy Town Clerk and to appoint her as Temporary F/T Deputy Town Clerk until **March 1, 2010**.

Discussion: Supervisor Brabenec stated this is a temporary appointment due to checking with the Orange County Personnel in order to do things right. There is currently a full time position for Deputy Town Clerk in the Town Clerk's Office. The Town Clerk has decided to go to two Deputy Town Clerk's in an effort to save money for the town for health insurance costs. Currently there is only one F/T Deputy Town Clerk paid position on file. Per the Personnel Commissioner, there has to be a second P/T Deputy Town Clerk position submitted to Civil Service and once they classify it as exempt, the Town Clerk can appoint a P/T Deputy Town Clerk. This would then involve more motions at future meetings making this employee a P/T Deputy Town Clerk, resulting in two P/T Deputy Town Clerks. Councilman Hoovler expressed appreciation for a good job to go through the County Personnel Department for this change.

Town Prosecutor Discussion

Supervisor Brabenec addressed the next portion of the reorganization meeting with summarizing previous conversations among the Town Board members to create a position called Town Prosecutor. This person would prosecute traffic tickets in the Town Courts in the Town of Deerpark. This system has basically been used by other towns in Orange County and in the state, due to a directive by the New York State Police Superintendent that State Police Officers could not prosecute traffic tickets anymore. A local officer could prosecute any traffic ticket, however, a state police officer cannot do the same. Consequently, Towns have hired town prosecutors to prosecute the state police cases and in some cases they also prosecute the town cases. This has been discussed on the town board and Supervisor Brabenec has researched what other towns have done with their town prosecutors and they would like to call up both Judge Wulff and Judge Osowick for the purpose of discussion regarding the creation of a Town Prosecutor position. Councilman Spears added that this was discussed in the last administration and they gathered research but did forget to notify Judge Osowick and Judge Wulff of this and assumed responsibility for that and apologized to them. Supervisor Brabenec apologized as well and clarified that this discussion will not be acted on at this meeting. Judge Osowick thanked the Board and hoped they could operate together in the future on the same page. Regarding the Prosecutor position, she didn’t want to see the Town have another bill. She said her court has been doing this work for five years and the past two years they have not had a prosecutor and invited being shown the positive side for this position. She is not asking for this position and asked what they were looking to spend on a prosecutor. Councilman Spears said they were going to advertise for the position and as people came in, they would go over the duties and negotiate a fee for that. They were not locked in to a fee, but wanted to give the opportunity to prosecute tickets by troopers. Supervisor Brabenec heard from other Town Supervisors that the first thing necessary was to create a Town Prosecutor position, because the amount spent more than makes up for itself with the fines generated that wouldn’t be generated without the position. The Town of Wawayanda spends about \$12,000 for a prosecutor, but at the end of the year when revenues come in, they make about \$30,000 to \$35,000. So, basically it is paying for itself. He was considering paying from \$6,000 to \$12,000 for a Town Prosecutor. William Bavoso, Town Attorney clarified that as a Town Attorney they are not allowed to do that kind of prosecution, which is why alternate prosecutors have been hired. He agreed with Judge Osowick in doing a cost analysis in regards to the cost. As attorneys for Wawayanda and Greenville, they share Route 84 and the amount of tickets written and the fines imposed help predominately to pay for that prosecutor. The City of Port Jervis also has a prosecutor, but the city of Port Jervis Police use a prosecutor because their attorney cannot act in that role. It is probably worth it to those three communities, but Deerpark needs to do their own cost analysis. The District Attorney of Sullivan County now has determined they will no longer do those prosecutions. Forestburgh is now doing that analysis as well, because that would be Route 42 to justify the cost of a prosecutor. It certainly does pay in Wawayanda and Greenville because of I-84. Judge Osowick hates to see the Town incur the cost of \$12,000 and doesn’t feel it is her job to come up with that amount of money for the budget. Judge Wulff said he was new to his office but felt the only way to get money back into the Town is through prosecuting down through the town laws. Supervisor Brabenec said there was a parking on payment that was passed

last year, and another vehicle in traffic laws that could be passed as well. They discussed littering, but didn't think that was under prosecution. Supervisor Brabenec summarized by saying they will get a feasibility study in place, and present it in a few weeks.

Supervisor Brabenec added that even though the Supervisor controls this, the council members have no idea what is going in and out of these accounts and that's when there are surprises. Now the board will give the checks and balances.

Supervisor Brabenec asked if there was anything else under new business. Hearing none, he mentioned Appropriations, Budget and Payment of Bills will be a heading for future reporting of what the Board is requesting.

Motion to Interview Board Applicants:

incumbents if they don't want to, but they should grant the courtesy to interview those who have put in their letters of interest. Councilman Spears inquired how many there were and Flo Santini, Town Clerk answered there were not that many.

MOTION CARRIED**Closing Comments:**

Councilman Spears mentioned before closing that the next regular Board meeting will be moved to the 11th, rather than the 8th, due to Martin Luther King, Jr. holiday. In addition, he thanked the public for their support and offered his number again and recommended that any issues that were lengthy or involved should be submitted by email or in letterform. They would research the issue and bring it to the meeting.

Councilman Trovei also thanked the town for electing him and appealed to the town for support in passing policies to tighten up the budget and costs. He implored the town members to work in a combined effort to

help advance the town and encourage businesses to come to Deerpark for help with taxes. He also encouraged the town to do business in town instead of driving to Middletown is possible. Councilman Hoovler shared his appreciation and said this meeting should be evidence that this board wants to do things right. He mentioned having books near him during the meetings on how to run a town along with one on town laws. He said he is currently working on a Town Ethics code-a comprehensive Ethics Code applying to every employee, elected official, and everyone who does business with the town. He has met with the town's attorney, Mr. Bavoso. There will be proposals for local law, that will put Deerpark in the forefront of Orange County (if not the Hudson Valley). There are issues of financial disclosure, self-dealing, property ownership making all the people who do business in this town accountable to the residents of the town. A comprehensive Financial Plan should also be forthcoming this winter. They will begin with a three-year plan with projections of expenses and revenues, using the current government accounting standards to do so, which will also put Deerpark in the forefront. This is about Deerpark being the leader in Orange County and that is how he plans to manage from this position. Supervisor Brabenec added that he hopes this will be one of the longest meetings of the year. Future meetings will hopefully be a lot shorter and he hopes those in attendance or watching have noticed that the meetings will be run more efficiently and to the point. There are a lot of things on the table. They will be looking at the Interchange Business District, zoning changes on the Route 6 corridor, and hopefully they will begin attracting businesses to the town to help get the rateables up and the taxes down. Also, they are looking for involvement with alternate Zoning Board and Planning Board members to keep the board functioning when terms are up. They are thinking of possibly creating a Veteran's Committee to organize events for veterans in the Town and perhaps a Youth Committee to get the youth involved with the process of government. He encouraged emails (kbrabenec@gmail.com) and phone calls and asked people to visit the website, which will soon be more user friendly and interactive.
