Supervisor Brabenee stated that Sunday they enacted the Emergency Operations Center at Town Hall with John ("Jack") Flynn, the Emergency Management Coordinator along with clerk Joyce Cirulli and Fred Ladika and Sergeant Potter joined them. The center was opened as a precautionary measure because Sparrowbush was without power, there were downed trees and power lines, rock slides and sections of Highway 42 were closed off. He thanked Orange & Rockland for their prompt attention to the matter and all the emergency workers. Due to this activity, he did not complete the Quality Cost Control Report he wanted to present at this meeting, but will have it for the meeting April 1<sup>st</sup>.

**Presentations/Communications**

Supervisor Brabenee mentioned there were no presentations. Project updates included the town's contract with *Voice Com* to install new phones, which was never completed. The main phone line should have been connected to the Highway Garage and the lines will be connected this week. They hope to disconnect one phone line to save money while improving communication for those trying to reach the Highway Department. Research for *cell phone consolidation* so the Emergency Management Team, Police Department and Highway Department all have the same carrier allowing for easier communication during times of emergency and crime prevention activities. They participated in the Ribbon Cutting Ceremony on March 9<sup>th</sup> for *Nancy's Gifts* at Main Street in Sparrowbush selling candles. There will be another Ribbon Cutting Ceremony on March 20<sup>th</sup> for *Gamo's Deli*, also on Main Street. A letter was received from Rev. They will work on this late summer through the fall. A letter needs to be sent by April 23<sup>rd</sup> indicating the projects this money will be applied for. The Council needs to make a recommendation. A letter from Fusco Engineering regarding the *Grange Building*. There had been some talk from the Museum Officials to start bringing that building up to code and the town engineer was asked to assess the needs to renovate it. The letter states it could cost up to \$200,000. Also, Fusco Engineering will withdraw the *groundwater guardian program* and they said although it looks good on a resume, overall it isn't necessary. March 31<sup>st</sup> is the kickoff for the *2011 Community Development Grant Application* and the Highway Superintendent and Supervisor will attend a meeting in Goshen in that regard. The Police Department has done a phenomenal job the past two weeks, working as a *task force* along with the City of Port Jervis Police Department and the Orange County Sheriff's Office. Supervisor Brabenec said the February edition of the Supervisor's Quarter Column is finished and sent to the local newspapers and will be posted on the website. He will try to do this each month to keep the public informed. He wished everyone a Happy St. Patrick's Day on Wednesday. Councilman Hoovler commented on some line items in the abstracts.

Supervisor Brabenec addressed the election question in regards to the Town of Deerpark was the very last town to pay their bill for the 2009 elections. The bill for \$13,000 was received right after the 2009 elections, and it was not paid. After he came into the office he received a 2<sup>nd</sup> notice and is now paid. However, the \$15,000 set aside in 2009 for this bill will show as an asset. The books for 2009 were closed and the money came out of 2010 appropriations. A transfer to that election line will need to be made after the next election in 2010. The fund balance of \$15,000 showing should actually be \$2,000.

Councilman Dean asked if anyone has any idea who vandalized the Harriet Space Park, they were encouraged to report it.
